

Supreme Court of India

Order

These bunch of 13,147 unregistered but diarized cases have been registered prior to the year 2014, to be precise before 19.08.2014. These cases had been filed more than 8 years ago. As per the practice then in vogue, the matters had been returned to the Ld. counsel/petitioner-in-person for rectifying the defects noticed in the matters respectively. They have never been rectified ever. Nothing has been heard thereafter either from the Ld. Counsel or the party-in-person, in respect of these diary numbers.

A list of the aforesaid 13,147 matters have been received from the computer section, all being diary numbers. The matters had only been diarized and no corresponding record apart from the diary number is available, nor is maintained. As per practice, no papers were retained by the registry while notifying the defects. The Ld. Counsel would file a complete set of pleadings only after curing of all the defects so notified. After the coming into force of the Supreme Court Rules, 2013 i.e. after 19.08.2014 only, a provision was made to retain one copy of the plaint & court fee stamps with the Registry.

The defects in the aforesaid matters had come to be notified to the respective Ld. Counsel/petitioner-in-person years back. The parties were to cure the same within 28 days. The amended statutory provisions envisaged for the same under Order 8 Rule 6 (3), read with Order 3 Rule 8 (6) also clearly shows so. Though subject to discretion, vested by virtue of the Supreme Court Rules itself, at least within 90 days. (As per amended Supreme Court Rules, 2013).

The parties have failed to take any effective steps for years at end to rectify and cure the defects so notified. The statutory period for curing the defects is well over. Seemingly the parties do not intend to prosecute the lis any further. Umpteen number of years were allowed to the parties to cure the defects, but to no avail.

No steps worth the name have been taken by any of the parties to even seek enlargement of time to cure the defects even after the completion of 28 days. It is also not the case that the defects were merely formal in nature. The defects have remained unaltered till date and that too for no reasonable cause. It is not days, but years that have gone by. One of the oldest diary numbers relating back as far as the year 1987. No effective steps have ever been taken by anyone to even keep the lis alive. The matters have died with the efflux of time itself. Nothing, literally survives now.

Needless to reiterate that the essence of curing the defects within 28 days and the power of the Registrar to lodge the same if defects remain unattended, literally remained unaltered under both the 1966 and 2013 Rules framed by this Court.

For all the reasons discussed hereinabove, I am constrained but to hold that there is no valid and a plausible reason to allow the aforesaid matters to be received for registration. I decline to register the aforesaid diary numbers. As a sequel thereto all the aforesaid 13,147 matters (diary numbers) are ordered to be lodged under the provisions of Order VIII Rule 6(3) and 6(4) of the Supreme Court rules, 2013 read with Order X Rule 6(3) and 6(4) of the Supreme Court Rules, 1966.

Ordered accordingly.

The data be updated in the ICMIS accordingly.

A copy of this order be also uploaded on the website of this Hon'ble Court for the information of the parties.
